

live UNDERWATER VIEWING

We've got underwater action covered - get eye to eye with a whale in the comfort of our air-conditioned underwater viewing rooms. Or, check out the underwater action beamed to screens in the saloon from our brand new in-hull whale cam!

***underwater viewing when conditions permit.*

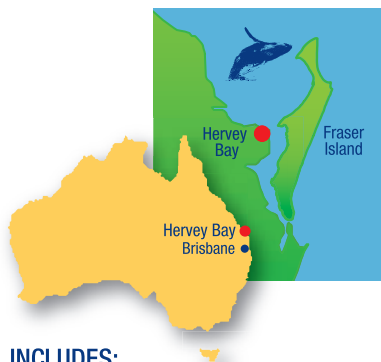

hear THE WHALES SING

Experience the whales song through our Hydrophone (underwater microphone) amplified through the vessels P.A. system as the whales are beside and beneath the vessel.
